

## Hospital-Focused Programs

Programs supporting patient experience, staff wellness, moral repair, and culturally responsive spiritual care within hospital and clinical environments.

### **Artist-in-Residence (Hospital)**

Embedded creative–spiritual care supporting patient dignity, staff resilience, and interdisciplinary collaboration.

### **Moral Injury & Ethical Distress Initiatives**

Arts-based reflection addressing burnout, trauma exposure, and ethical fatigue.

### **Clinical Education & CPE Enrichment**

Arts-based spiritual formation for chaplains and interdisciplinary care teams.

### **Black Male Wellness (Clinical Context)**

Culturally responsive care models supporting trust and whole-person wellness.

### **Poetry Unbound (Clinical Adaptation)**

Narrative medicine–informed performances with facilitated dialogue.
